

Flexform Indoor & Outdoor Collection 2022

Flexform 2022

4 / Indoor Collection

160 / Outdoor Collection

The background of the entire page is an abstract, high-contrast photograph of numerous wooden blocks or planks. These blocks are arranged in a complex, overlapping geometric pattern, creating a series of sharp angles and deep shadows. The wood grain is clearly visible on the surfaces of the blocks, adding texture to the composition. The lighting is warm and directional, highlighting the edges and faces of the blocks.

Indoor Collection 2022

La nuova collezione di Flexform segna un ulteriore passo in avanti nell'infaticabile ricerca della bellezza nella normalità, dell'elaborazione di un codice estetico formalmente elegante ma scevro da compiacimenti o da ammiccamenti alle tendenze passeggere.

Una coerenza progettuale che ha sempre contraddistinto l'operato dell'azienda, la cui vocazione primaria resta quella di realizzare arredi dal gusto essenziale e tuttavia ricercati, che aspirano a divenire l'espressione di una nuova classicità o più semplicemente degli oggetti comodi e rassicuranti che ci accompagnino nella normalità della vita quotidiana, con confort, naturalezza e buon gusto. Arredi che riflettono il senso della realtà, che si fanno interpreti dei mutamenti negli stili di vita, che rivelano forme accoglienti e restituiscono agli oggetti di uso comune – divani, poltrone, tavoli, sedie, contenitori – la loro funzione primaria di praticità di utilizzo non priva di una sua naturale e misurata eleganza.

The new Flexform collection marks another step ahead in the unrelenting quest for beauty in the everyday, in developing a formal aesthetic signature that is free of ostentation or allusions to fleeting trends.

Design consistency has long been a signature trait of the company, whose paramount focus is unchanged: to produce furnishings with a minimalist and yet sophisticated essence that aim to become the expression of a new classicism or, more simply put, cozy, reassuring objects that accompany us in the normal activities of our daily lives, with comfort, spontaneity and good taste.

Furnishings that reflect a sense of reality, that become interpreters of changing lifestyles, that are endowed with inviting shapes and restore to everyday objects – sofas, armchairs, tables, chairs, cabinets – their primary function of practical use while maintaining a natural, discreet elegance.

SOFAS
SECTIONAL SOFAS
OTTOMANS

Costituito da rigorosi elementi imbottiti variamente aggregabili tra loro, il sistema di sedute Perry introduce un nuovo modo di progettare lo spazio living, con composizioni originali e moduli la cui forma irregolare consente di interrompere la linearità delle configurazioni imprimendo loro un andamento più dinamico ed un aspetto più informale.

Volumi morbidi e generosamente imbottiti in piuma d'oca, proporzioni calibrate, raffinati dettagli di confezione come il profilo che disegna la silhouette degli elementi imbottiti, costituiscono i tratti distintivi di un progetto dal carattere non convenzionale.

Un altro dettaglio fortemente caratterizzante è costituito dalla possibilità di sostituire il tradizionale bracciolo imbottito con un elegante quanto funzionale elemento contenitore in cuoio, dotato di un pratico vano nel quale riporre plaid, riviste e libri.

La varietà dei moduli a disposizione – elementi di seduta lineari, angolari, irregolari, pouf, chaise longue, elementi contenitori – consente di elaborare un elevato numero di composizioni: dalle versioni lineari con dimensioni più contenute e tradizionali fino a soluzioni più ampie ed articolate, pensate per animare un paesaggio domestico di gusto spiccatamente contemporaneo.

Composed of understated upholstered pieces that can be combined in different ways, the modular Perry seating system heralds a new way of designing living spaces. Creating original arrangements, using modules whose irregular shape makes it possible to break up straight-line configurations, lending them a more dynamic flow and a more casual look.

Soft shapes, generously padded in goose down, calibrated proportions, sophisticated tailoring details, like the piping that outlines the silhouette of the upholstered pieces, are some of the distinctive features of this unconventional design.

Another differentiating detail is the option to replace the traditional upholstered armrest with an elegant and equally functional cowhide-clad container element with a handy compartment for storing throws, magazines and books.

The variety of modules available – stand-alone, L-shaped and asymmetrical seating elements, ottomans, chaise longues, storage elements – allows for the creation of a great number of arrangements, from traditional stand-alone versions with scaled-down size, to larger, more complex solutions, designed to enliven a distinctly contemporary domestic landscape.

Ambroeus

Antonio Citterio

SOFAS
SECTIONAL SOFAS
OTTOMANS

Un divano dallo stile borghese, perfetta sintesi di eleganza, confort e di quel saper fare artigiano più che mai attuale e fiore all'occhiello della produzione Flexform.

Il divano Ambroeus trasmette immediatamente un'immagine di impareggiabile accoglienza grazie alle imbottiture particolarmente ricche e morbide, avvolgenti come quelle di soffici guanciali.

Presenta un singolare contrasto tra la leggerezza della struttura in metallo proposta in una varietà di finiture e gli ampi cuscini di seduta e schienale generosamente imbottiti in piuma d'oca che appoggiano su una base rivestita in cuoio.

Elemento distintivo del progetto è il raffinato bracciolo in metallo rivestito in pelle che termina in piedi d'appoggio a terra dal fine disegno.

I rivestimenti dei cuscini sono rifiniti da un'elegante piega, una lavorazione complessa riconducibile alla sartorialità insita nel know-how Flexform.

Il divano Ambroeus è disponibile nelle versioni lineare a due e tre posti e in una serie di composizioni variamente articolate.

A traditional-style sofa, the embodiment of elegance, comfort and the kind of consummate artisan craftsmanship, more relevant now than ever, that Flexform products are known for.

The Ambroeus sofa conveys an immediate image of unparalleled welcoming warmth, thanks to the especially sumptuous padding, enveloping and fluffy as pillows.

It expresses the extraordinary visual contrast between the lightness of the metal structure, available in a variety of finishes, and the ample seat and backrest cushions, generously padded in goose down, set against the cowhide-clad base.

The sophisticated leather-upholstered metal armrest that ends in expertly designed feet is a distinctive design feature.

An elegant fold embellishes the cushion upholstery, an intricate craftsmanship detail that shows Flexform's innate tailoring expertise.

The Ambroeus sofa is available in two- and three-seat stand-alone versions and in a series of differently arranged configurations.

Parker

Antonio Citterio

SOFAS
SECTIONAL SOFAS
ARMCHAIRS
OTTOMANS

Con il divano Parker, Antonio Citterio e Flexform continuano nella loro rivisitazione di arredi chiaramente ispirati dalla tradizione.

Si tratta di oggetti pensati e disegnati con una sensibilità squisitamente contemporanea che provocano un meccanismo di "riconoscibilità" immediato. Oggetti le cui forme, materiali ed estetica risultano appartenerci e fare appello a quella cultura visiva della quale siamo depositari e che ci consente di apprezzare istintivamente un oggetto nuovo per ciò che richiama alla nostra memoria.

La struttura del divano Parker è in legno massello tornito e rifinito a mano, così come è interamente realizzato a mano il fine intreccio che caratterizza lo schienale e i braccioli. Il cuscino di seduta è unico mentre ampi e generosamente imbottiti sono i cuscini appoggiati allo schienale disponibile nelle versioni con intreccio in corda oppure in cuoio. La famiglia Parker comprende divani a due e tre posti, un pouf ed un elemento con schienale ed un solo bracciolo che consente di realizzare configurazioni particolari.

With the Parker sofa, Antonio Citterio and Flexform continue to reinterpret furnishings that are clearly inspired by tradition.

These are objects conceptualized and designed with exquisite contemporary sensibility that elicit an immediate sensation of "recognizability".

Objects whose shapes, materials and beauty are part of us and summon that visual culture of which we are the keepers. They allow us to instinctively appreciate a new object for the images it recalls to our memory.

The structure of the Parker sofa is made of solid turned and hand-finished wood. The finely woven material featured on the backrest and armrests is also entirely hand-made. It has a single seat cushion and large, generously padded loose cushions that lean against the backrest, which comes in versions clad in woven cord or in cowhide.

The Parker family includes two- and three-seat sofas, an ottoman and an element with a backrest and just one armrest that allows the creation of unique arrangements.

DINING ARMCHAIRS
DINING CHAIRS
BAR STOOLS

"E" come eleganza, quel tipo di eleganza formale proprio dell'identità Flexform, che da sempre obbedisce ad un codice estetico improntato a senso della misura, alla cura dei dettagli e alla sobrietà del progetto.

"E" come ergonomia: le linee avvolgenti e le morbide imbottiture della famiglia di sedute Eliseo coniugano mirabilmente forma e funzione e garantiscono un elevato livello di confort, come nella migliore tradizione Flexform. La struttura è in poliuretano rigido accoppiato a poliuretano stampato, mentre il cuscino di seduta è in piuma d'oca con inserto in materiale indeformabile.

"E" come equilibrio delle proporzioni, che si mantiene inalterato in tutte le versioni proposte: la poltrona club, la bergère e la poltroncina da pranzo. La grande versatilità della poltrona Eliseo è sottolineata dalla possibilità di realizzarla con basamento in legno in una pluralità di finiture, così come con base in alluminio pressofuso, dotata di meccanismo girevole continuo, che conferisce alla seduta un carattere dinamico e ne favorisce l'interazione con lo spazio circostante.

"E" as in elegance, the type of aesthetic elegance inherent to the Flexform identity, that has always adhered to an aesthetic language informed by a sense of restraint, attention to detail and to understated design.

"E" as in ergonomics: the enveloping lines and soft padding of the Eliseo family of seating pieces admirably combine form and function and ensure exceptional comfort, as in the best Flexform tradition.

The structure is made of rigid polyurethane bonded to molded polyurethane, while the seat cushion is in goose down with insert in crushproof material.

"E" as in evenly balanced proportions, which remain intact in all the versions offered – club armchair, wingback bergère and dining chair.

The incredible versatility of the Eliseo armchair is underscored by the option of having a wood base in a number of finishes, or a cast aluminum base, equipped with 360-degree swivel, that lends the armchair a dynamic air and facilitates interaction with the surrounding space.

Alma

Antonio Citterio

DINING ARMCHAIRS
DINING CHAIRS
BAR STOOLS

Alma è una poltroncina dalla personalità spiccata, dalle proporzioni equilibrate e dalle linee avvolgenti, che ispirano immediatamente una sensazione di confort associata ad una grande eleganza formale.

Agile e leggera grazie alla base girevole in alluminio, la poltroncina Alma risponde all'esigenza sempre più diffusa di realizzare uno spazio "home office" all'interno delle abitazioni, ma è altrettanto perfetta in ambienti di lavoro quali uffici direzionali, sale riunioni o sale conferenze prestigiose.

La tecnica della pressofusione dell'alluminio viene impiegata nella realizzazione sia della base che della sinuosa scocca di seduta e schienale realizzata su disegno, così come le pratiche ruote pivotanti che consentono di spostare facilmente la poltroncina.

La poltroncina Alma è prevista nelle versioni fissa oppure con meccanismo girevole di ritorno automatico.

Alma is a small armchair with a distinct personality. Its balanced proportions and enveloping lines instantly inspire a feeling of comfort associated with great stylistic elegance.

Sleek and graceful, thanks to the aluminum swivel base, the Alma small armchair meets the increasingly widespread demand for a home office space, yet is equally at home in the workplace – in executive offices, meeting rooms or luxurious conference rooms. Both the base and the custom-designed sinuous seat and backrest shell are made of cast aluminum, as are the practical spinner casters that allow the small armchair to be moved easily.

The Alma small armchair comes in a stationary version or with swivel mechanism with automatic return.

DINING ARMCHAIRS
DINING CHAIRS
BAR STOOLS

C'è tutto il mestiere dell'antica arte ebanista in questa sedia dall'apparenza semplice, quasi ordinaria e tuttavia ricca di dettagli grazie alla meticolosa esecuzione. Il progetto è ridotto all'essenziale: quattro gambe in massello di frassino tornito e rifinito a mano, un corpo unico a forma di mezzaluna che riunisce schienale e braccioli ed una seduta in corda intrecciata a mano.

La sedia Doris esalta tutte le qualità del legno massello: un materiale caldo e duttile, levigato e perciò morbido al tatto.

In una felice convergenza tra forma e funzione, l'estetica della sedia Doris si presenta ineccepibile in tutte le angolazioni, anche nella parte posteriore ed è dunque perfetta in combinazione con tutti i tavoli da pranzo della collezione Flexform.

This seemingly simple, almost ordinary-looking chair – yet rich in details, thanks to the meticulous workmanship – embodies all of the ancient art of cabinetmaking.

The design is stripped down to the bare bones: four legs in solid ash turned and finished by hand, a single half-moon shaped element that joins the backrest and armrests to a hand-woven cord seat.

The Doris chair elevates all the qualities of solid wood: a warm, flexible material, sanded until smooth to the touch.

In a fortuitous union between form and function, the beauty of the Doris chair is impeccable from every angle, even from the back, making it a perfect match for all the dining tables in the Flexform collection.

DINING TABLES
COFFEE AND SIDE TABLES
CONSOLES

Le linee essenziali che contraddistinguono la famiglia di tavoli Academy la collocano in perfetto equilibrio tra sobria eleganza e praticità d'uso, di facile collocazione negli ambienti più diversi.

La base del tavolo è l'elemento caratterizzante del progetto e rivela sinuose gambe sagomate in acciaio che sorreggono il piano, disponibile nelle varianti in essenza e in diverse tipologie di marmo e ben si accordano alla varietà di finiture proposte per la base.

La famiglia di tavoli Academy è disponibile in una pluralità di forme e dimensioni e comprende anche una serie di tavolini in varie misure che possono essere abbinati a tutti i sistemi di seduta della collezione.

Thanks to the clean lines that distinguish the Academy family of tables, it is perfectly poised between restrained elegance and practicality of use, easily at home in the most diverse settings. The distinctive design feature of the table is its base, with its sinuous contoured stainless steel legs that support the top.

Available in several types of wood, the top also can be had in several types of marble that coordinate well with the variety of finishes available for the base.

The Academy family of tables comes in a number of shapes and sizes and also includes a series of coffee tables in various sizes that can be paired with all the seating systems in the collection.

DINING TABLES
COFFEE AND SIDE TABLES
CONSOLES

Solidità, tradizione reinterpretata e grande funzionalità sono i tratti distintivi della famiglia di tavoli Desco. Alla purezza del disegno e alla ricercatezza dei dettagli costruttivi, si accompagnano materiali e finiture di grande pregio che ben si accordano tra loro e conferiscono al tavolo Desco una misurata eleganza.

La base del tavolo presenta gambe tornite in massello di noce canaletto o frassino tinto in una pluralità di finiture, mentre il piano è proposto nelle varianti in essenza oppure in diverse tipologie di marmo.

Un dettaglio che aggiunge valore al prodotto è costituito dalla parte terminale delle gambe rifinita da piedi in alluminio.

La famiglia di tavoli Desco è disponibile in una pluralità di forme e dimensioni e comprende anche una serie di tavolini in varie misure che possono essere abbinati a tutti i sistemi di seduta della collezione.

Robust stability, tradition reinterpreted and remarkable functionality are the distinctive traits of the Desco family of tables. Exquisite materials and finishes go hand-in-hand with the purity of design and refinement of the constructive details that complement each other and lend the Desco table understated elegance.

The base of the table has turned legs in solid canaletto walnut or ash stained in a selection of finishes, while the top comes in various types of wood, or in various types of marble.

For a detail that adds value – the ends of the table legs are finished with aluminum tips.

The Desco family of tables comes in a number of shapes and sizes and also includes a series of coffee tables in various sizes that can be paired with all the seating systems in the collection.

Earl

Antonio Citterio

BOOKSHELVES
CABINETS
ACCESSORIES

Pensata per arredare con gusto ed eleganza lo spazio living e l'area pranzo, la famiglia di contenitori Earl si compone di mobili bassi con cassetti ed un mobile alto con ante a battente, variamente attrezzati al loro interno.

Diversi nelle proporzioni e nelle destinazioni d'uso – mobile per TV, madia, cabinet – i contenitori Earl sono accomunati da linee sobrie ed essenziali, che non rispondono tuttavia ad un criterio di semplificazione bensì ad una sottile ricerca di equilibri e di soluzioni formali di grande raffinatezza.

Elemento distintivo della famiglia Earl è costituito dal particolare disegno del frontale del cassetto impiallacciato in essenze pregiate, che nella parte superiore presenta una curvatura che ricrea un originale effetto di cornice del piano, previsto nelle varianti in legno oppure impreziosito da un top in marmo, in varie tipologie.

Tutti i mobili della famiglia Earl presentano la medesima estetica anche nella parte posteriore, pertanto possono essere utilizzati anche per suddividere gli spazi all'interno del medesimo ambiente.

Designed to furnish the living room and dining room with tasteful elegance, the Earl family of containers includes low cabinets with drawers and a tall piece with hinged doors, all appointed differently inside.

Differing in their proportions and how they are used – TV console, cabinet, long console – the Earl storage units share unpretentious minimalist lines that do not, however, conform to a principle of simplification, but rather to a subtle quest for balance and highly sophisticated formal solutions.

Signature feature of the Earl family is the singular drawer-front design. Veneered in luxurious wood, it has a curved upper edge that seems to frame the top, available in different types of wood, or enhanced with a top in a selection of types of marble.

All of the pieces in the Earl family are the same on the front and back, so they can also be used as room dividers.

Boma

Roberto Lazzeroni

DINING TABLES

Il tavolo Boma trae ispirazione dalla “complessa semplicità” delle barche a vela, nella quali il legno era il materiale più frequentemente utilizzato e per le quali il maestro d’ascia era solito mettere tutta la sua abilità nella ricerca di dettagli costruttivi ineccepibili sia dal punto di vista della funzionalità che di quello dell’eleganza formale. Il piano è realizzato nelle versioni in legno e marmo e appoggia su una struttura in massello di noce canaletto o frassino a sezione ellittica. Le gambe si incrociano ruotando su una traversa e un tirante in acciaio conferisce stabilità al tavolo. Il risultato ottenuto è un tavolo solido, dalle proporzioni ben calibrate, di facile inserimento negli ambienti dagli stili più diversi.

The Boma table draws inspiration from the “intricate simplicity” of sailboats, in which wood was the most frequently used material. The chief carpenters typically poured all of their know-how into the sailing vessels’ impeccable construction details, in terms of functionality and formal elegance.

The top is crafted in wood and marble versions and rests on a structure made of solid canaletto walnut or ash in elliptical section.

The legs cross and rotate onto a crossbeam; a steel tensioning rod lends stability to the table.

The result is a solid table with well-calibrated proportions, comfortably at home in settings with the most diverse styles.

ARMCHAIRS
OTTOMANS
DINING ARMCHAIRS
DINING CHAIRS
BAR STOOLS

La poltroncina Susanne si ispira alle forme organiche che caratterizzavano alcune tra le sedute più in voga tra gli anni Cinquanta e gli anni Sessanta.

Se l'allure della poltroncina Susanne è deliziosamente retrò, la sua costruzione è decisamente contemporanea.

La seduta imbottita dalle forme arrotondate incontra lo schienale dalla linea avvolgente che si allunga quanto basta a permettere l'appoggio delle braccia, anche se nell'aspetto, la poltroncina Susanne è di fatto priva di braccioli.

Flessuosa ed agile, la poltroncina Susanne poggia su una base in metallo fissa o girevole.

Susanne è proposta nelle versioni poltrona lounge e poltroncina da pranzo.

The Susanne small armchair takes inspiration from the organic shapes that distinguish some of the seating elements most in vogue during the 1950s and 1960s.

If the allure of the Susanne small armchair is deliciously retro, its construction is wholly contemporary.

The padded seat with rounded shape meets the enveloping lines of the backrest that is elongated just enough to support the arms, even though the Susanne small armchair actually has no armrests.

Slender and sleek, the Susanne small armchair sits on a metal stationary or swivel base. Susanne is available in lounge armchair and dining chair versions.

Haiku

Christophe Pillet

DINING ARMCHAIRS
DINING CHAIRS
BAR STOOLS

Nella lingua giapponese la parola Haiku definisce una particolare forma di brevi componimenti poetici, che emozionano per la loro immediatezza e per l'apparente semplicità, priva di retorica e di artifici.

Questo concetto è in qualche modo riconducibile al pensiero progettuale dal quale è nata la famiglia di sedute Haiku: un lavoro di ricerca minuzioso, che procede per sottrazione, per giungere all'essenza del progetto, ma che richiede un'esecuzione magistrale ed un'attenzione maniacale ad ogni dettaglio costruttivo.

Il cuoio ha rappresentato la scelta naturale per realizzare questo prodotto: un materiale ricco di fascino, duttile ma anche resistente, utilizzato per confezionare l'essenziale rivestimento unico di seduta, schienale e braccioli che calza alla perfezione la struttura sottostante in metallo disponibile in una pluralità di eleganti finiture.

In Japanese, the word Haiku defines the particular composition of a type of verse, one that is touching in its spontaneity, apparent simplicity, and freedom from rhetoric and artifice. This approach is linked in some ways to the design concept which underlies the family of Haiku seating elements: a labor of painstaking detail that progresses by subtraction to arrive at the essence of the design but that calls for masterful execution and an almost obsessive attention to every constructive detail. Cowhide was the natural choice in which to make this product – an extremely fascinating material, flexible but also durable – used to tailor the understated upholstery for the seat, backrest and armrests and fits the underlying metal structure like a glove, available in a number of elegant finishes.

Sveva Light

Carlo Colombo

ARMCHAIRS
OTTOMANS

La poltrona Sveva Light riprende il concept progettuale della poltrona Sveva, declinandolo in finiture riconducibili ad interpretazioni differenti dalla versione in cuoio.

Il design al servizio del confort: la scocca conformata in poliuretano rigido strutturale laccata lucida in una gamma di colori brillanti accoglie al suo interno morbidi cuscini di seduta e schienale imbottiti in soffice piuma d'oca. La poltrona Sveva Light appoggia su una base girevole in alluminio pressofuso proposta in svariate finiture e può accompagnarsi all'omonimo poggiatesta.

The Sveva Light armchair revisits the design concept of the Sveva armchair, eloquently expressing it in finishes that trace back to interpretations quite different from the cowhide version.

Design at the service of comfort: the molded shell in rigid structural polyurethane with glossy lacquer finish in a palette of bright colors accommodates soft seat and backrest cushions padded with fluffy goose down.

The Sveva Light armchair rests on a swivel base in cast aluminum, available in several finishes and can be paired with its namesake ottoman.

Outdoor Collection 2022

Rallentare, riappropriarsi del tempo e dello spazio, possibilmente verde. È con questa ritrovata consapevolezza che Flexform ha lavorato alla sua nuova collezione di arredi outdoor, pensata per vivere gli spazi all'aperto tutto l'anno, ogni qualvolta le condizioni atmosferiche lo consentano, godendo anche della bellezza delle stagioni che mutano. Una proposta di arredi nei quali l'eleganza si sposa alla funzionalità e alla durabilità, garantite dall'utilizzo di materiali quali l'alluminio, selezionati per le loro proprietà e per la resistenza all'azione degli agenti atmosferici. Un raffinato mix di colori e materiali ispirati dalla natura, che fondono in modo indissolubile cultura, tradizione e innovazione, per un lifestyle all'aria aperta che consenta un autentico apprezzamento dell'essenza e della bellezza della più perfetta delle architetture: quella della natura.

Slow down, reclaim your time and ideally, green, space. It is with this re-established awareness that Flexform approached its new collection of outdoor furnishings, designed for year-round outdoor living, whenever weather conditions allow, while reveling in the beauty of the changing seasons. A line of furnishings in which elegance is wed to functionality and durability – qualities ensured by the use of materials, like aluminum, selected for their attributes and weather-resistance. A sophisticated blend of nature-inspired colors and materials that inseparably marries culture, tradition and innovation, for an open-air lifestyle that allows authentic appreciation of the spirit and beauty of that most-perfect architecture of all: nature's own.

Antonio Citterio

SOFAS
SECTIONAL SOFAS
ARMCHAIRS
OTTOMANS

È dichiarata l'ispirazione retrò per il divano Parker Outdoor, le cui linee leggere, gli intrecci naturali e la lavorazione artigianale danno prova di quel "savoir faire" proprio di Flexform.

La struttura del divano Parker Outdoor è in acciaio e iroko massello tornito e rifinito a mano, così come è interamente realizzato a mano il fine intreccio che caratterizza lo schienale e i braccioli.

Il cuscino di seduta è unico mentre ampi e generosamente imbottiti sono i cuscini appoggiati allo schienale in corda.

La parte di appoggio a terra delle gambe è rifinita da puntali in lega metallica pressofusa e gommini in nylon.

La famiglia Parker Outdoor comprende divani a due e tre posti, un pouf e un elemento con schienale ed un solo bracciolo che consente di realizzare configurazioni particolari.

The retro influence in the Parker Outdoor sofa is clear. Its graceful lines, the natural wovens and artisan craftsmanship are proof of the savoir faire Flexform is known for.

The structure of the Parker Outdoor sofa is made of steel and solid hand-turned and finished iroko wood. Also entirely hand-made is the finely woven material featured on the backrest and armrests.

There is a single seat cushion, while large, generously padded loose cushions lean against the cord backrest.

The final part of the legs is finished with die-cast metal alloy tips and protective nylon pads.

The Parker Outdoor family includes two- and three-seat sofas, an ottoman and an element with a backrest and just one armrest that allows the creation of unique arrangements.

Camargue

Antonio Citterio

SOFAS
SECTIONAL SOFAS
ARMCHAIRS
OTTOMANS
DINING ARMCHAIRS

La famiglia Camargue è connotata da uno stile inossidabile, sia dal punto di vista formale che da quello sostanziale, grazie alle proprietà dell'alluminio, materiale che consente di collocare gli arredi Camargue in ogni ambiente outdoor, non necessariamente coperto, dunque non solo in terrazza, ma anche in giardino e a bordo piscina.

Una proposta completa e coordinata, costituita da poltroncine, poltrone e divani, tutti sovrapponibili e pensata per soddisfare le più svariate esigenze sia in contesti residenziali privati che hospitality.

Pratica e leggera, la struttura delle sedute Camargue rivela linee avvolgenti ed angoli smussati, una lavorazione solo all'apparenza semplice, ma che richiede in realtà una grande perizia artigianale.

È verniciata a polvere epossidica nelle finiture liscio e goffrato in una gamma di colori raffinati che si prestano ad eleganti abbinamenti con i rivestimenti sfoderabili dei morbidi cuscini di seduta e schienale.

The Camargue family is distinguished by its enduring style, in both form and substance, thanks to the properties of aluminum, a material that allows the Camargue pieces to be at home anywhere outdoors, not necessarily under a roof, hence, not only on a covered patio or terrace but also in a garden or around a pool.

A complete, coordinated line, it includes small armchairs, armchairs and sofas, all stackable and designed to meet the most disparate needs in private homes and the hospitality field.

Practical and lightweight, the structure of the Camargue seating elements reveals enveloping lines and rounded corners – seemingly simple workmanship that actually requires expert artisan skills.

It comes with either smooth or embossed epoxy powder-coat finish, in a palette of elegant colors that lend themselves to sophisticated pairings with the removable upholstery on the soft seat and backrest cushions.

Atlante Light

Antonio Citterio

CHAISE LONGUES
DAYBEDS

Il lettino prendisole Atlante Light si presenta quale naturale evoluzione del sistema di sedute Atlante, del quale riprende le linee asciutte ed eleganti.

La struttura è in alluminio pressofuso mentre seduta e schienale sono costituiti da una rete realizzata in fibre sintetiche particolarmente resistente all'azione degli agenti atmosferici, all'umidità, alle muffe, al cloro e alla salsedine.

Morbida al tatto, è caratterizzata da una texture dall'effetto tridimensionale e proposta in una varietà di eleganti toni mélange.

La rete si mantiene in tensione attraverso delle cinghie elastiche proposte in varie cromie.

Il lettino Atlante Light è dotato di schienale regolabile in diverse posizioni e grazie alle pratiche ruote in alluminio pressofuso può essere spostato agevolmente.

I lettini Atlante Light sono facilmente impilabili, grazie alla conformazione e alla leggerezza della struttura.

The Atlante Light sunbed is the natural evolution of the Atlante seating system and echoes its clean, elegant lines.

The structure is in cast aluminum while the seat and backrest are in a mesh fabric made of synthetic fibers that are especially resistant to weather conditions, humidity, mold, chlorine and salt water.

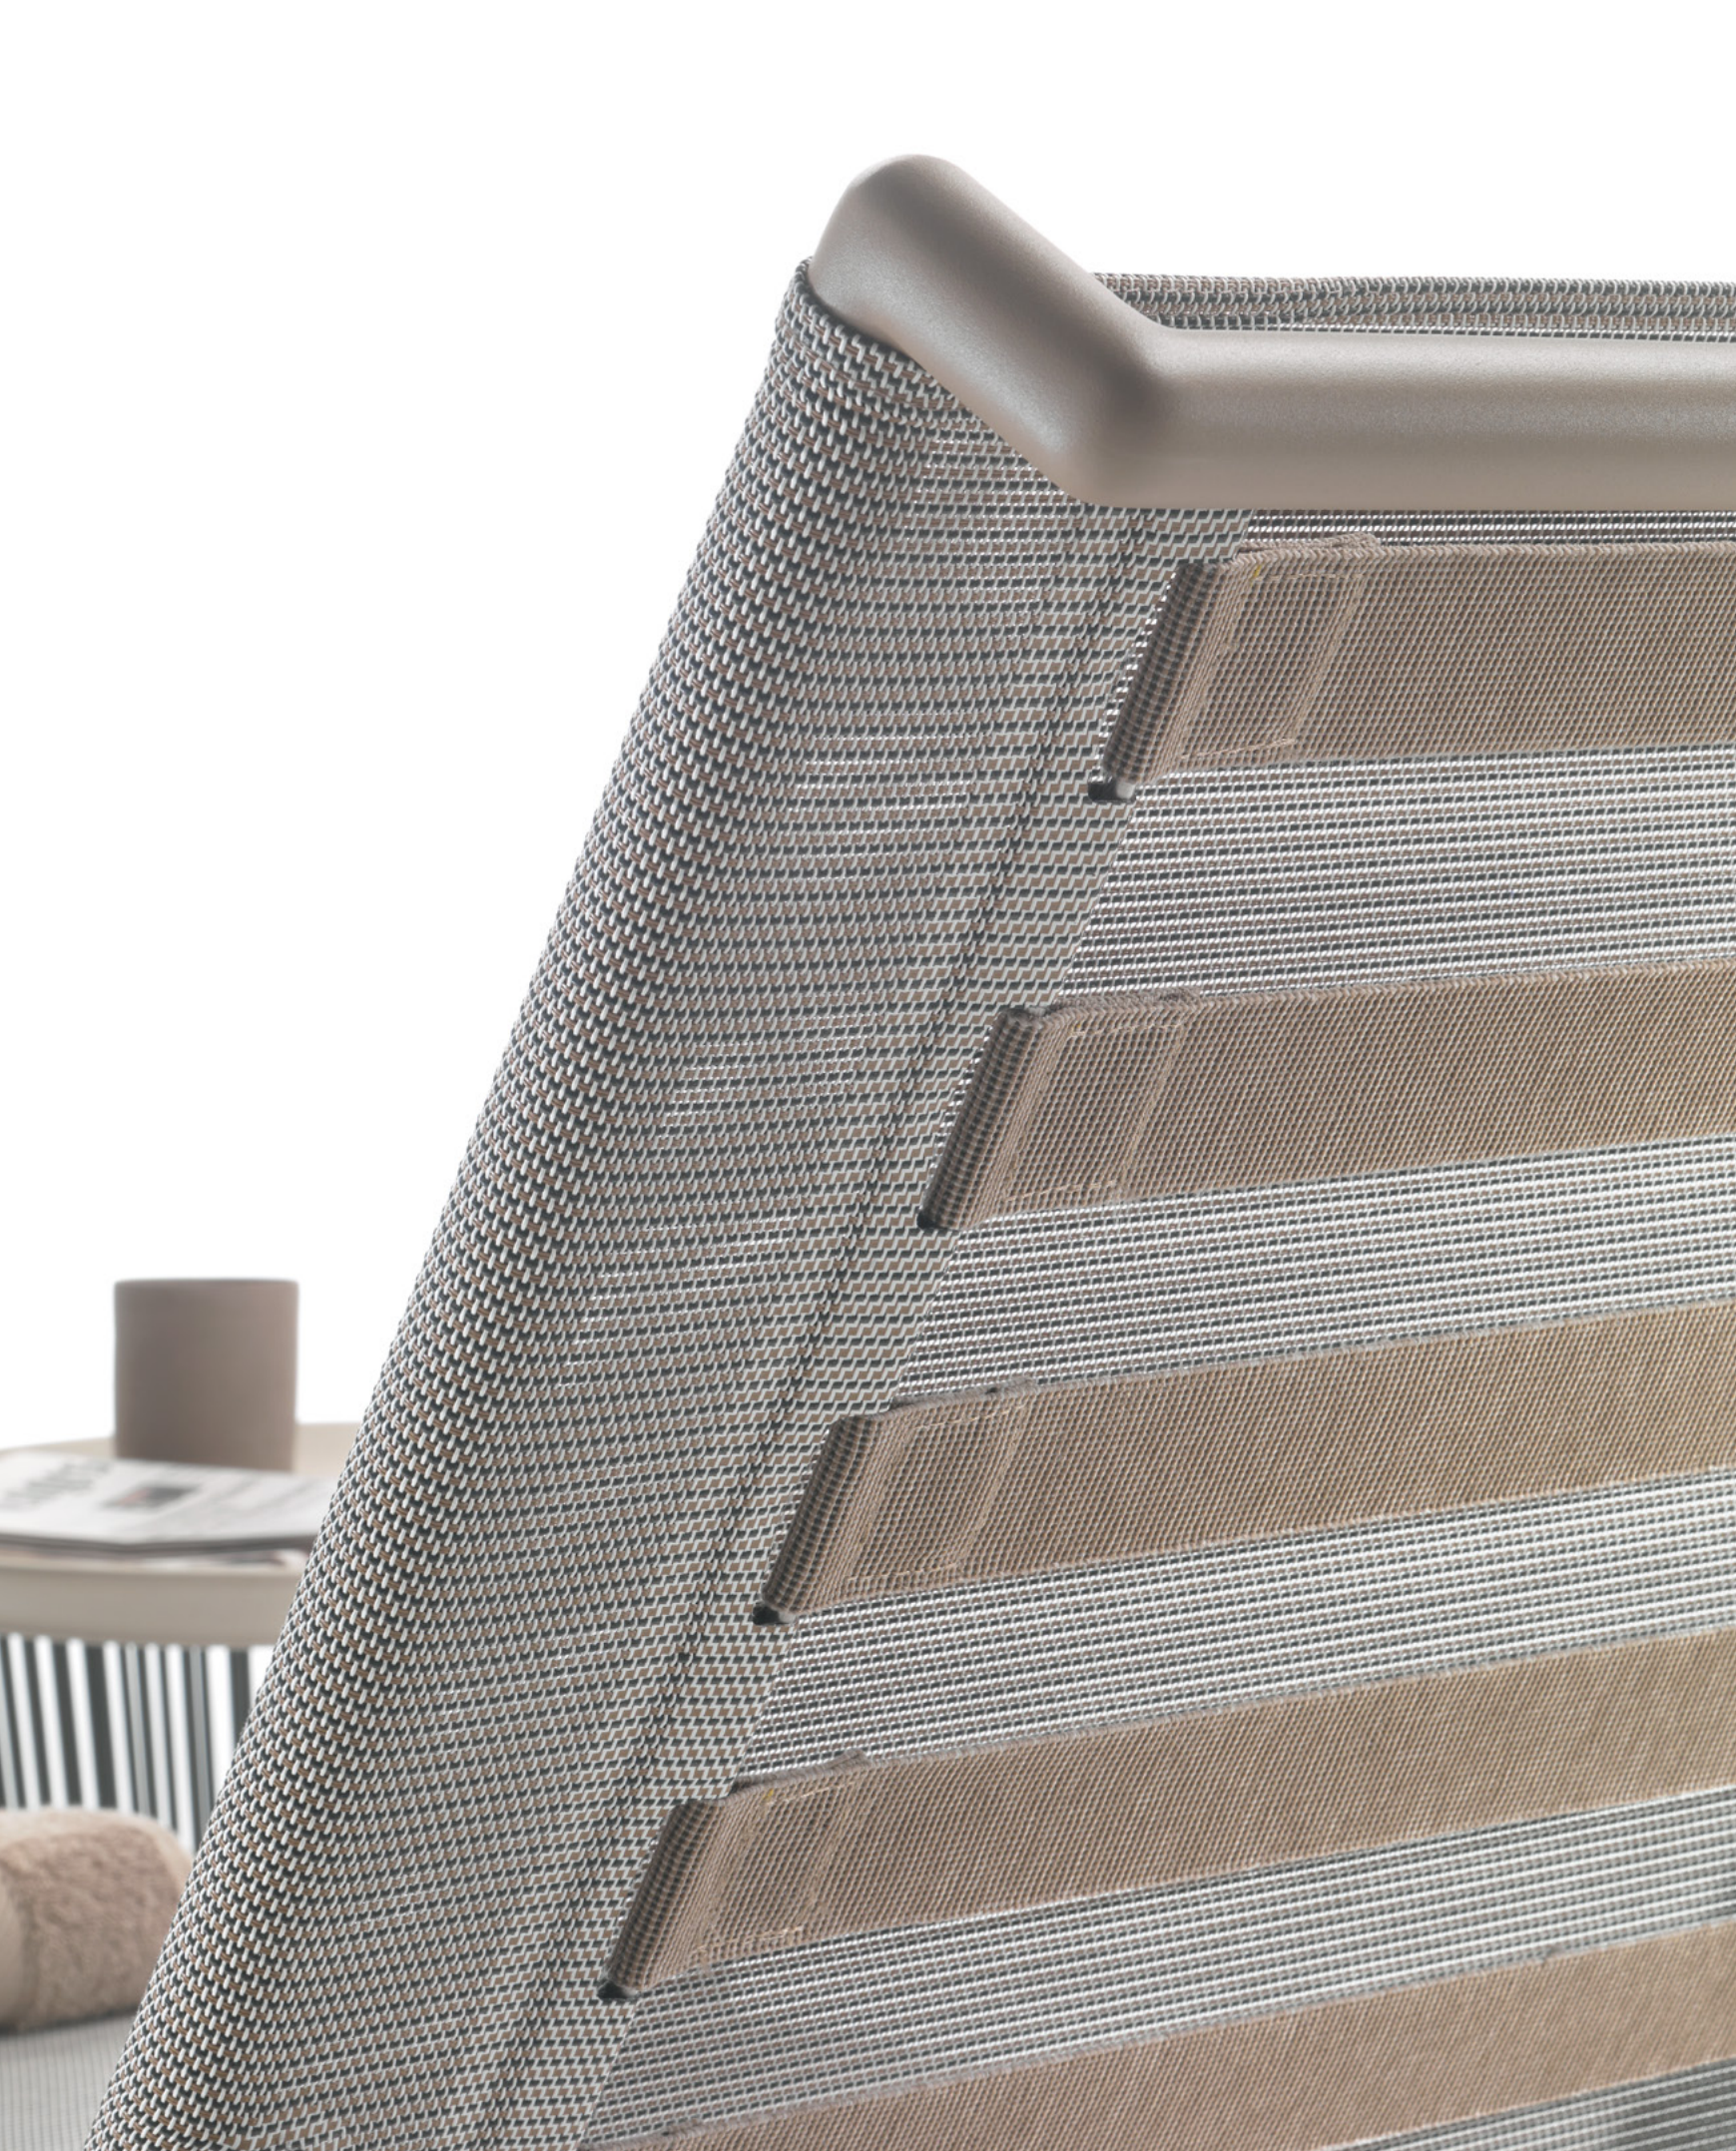

Soft to the touch, its texture has a three-dimensional effect.

The mesh comes in an array of elegant variegated colors.

The mesh fabric is held in tension by elastic webbing, available in a varied color palette.

The backrest of the Atlante Light daybed can be adjusted to several positions and, thanks to the practical cast-aluminum wheels, it can be easily moved about.

Given their shape and lightweight structure, the Atlante Light daybeds are effortlessly stackable.

Crono Outdoor

Antonio Citterio

ARMCHAIRS
OTTOMANS
DINING CHAIRS
DINING ARMCHAIRS
BAR STOOL

Il fitto intreccio della corda incontra la calda matericità del legno massello: è questo il motivo ispiratore alla base della poltrona Crono ora riproposta in chiave outdoor.

La lavorazione della struttura in iroko massello è un chiaro esempio dell'elevato grado di artigianalità che caratterizza la produzione Flexform, come ben evidenziato anche dallo schienale in corda intrecciata a mano.

La famiglia Crono Outdoor comprende poltrona e poltroncina da pranzo, che possono essere realizzati in una pluralità di combinazioni cromatiche grazie agli abbinamenti che si possono creare tra la struttura in legno di iroko prevista in una serie di eleganti finiture e il cordoncino in polipropilene proposto in un'ampia gamma cromatica. La parte di appoggio a terra delle gambe è rifinita da puntali in lega metallica pressofusa e gommini in nylon.

Tightly woven cord meets the warm texture and feel of solid wood – this is the underlying inspiration behind the Crono armchair, now reinterpreted in an outdoor version.

The workmanship of the solid iroko is a clear example of the superior craftsmanship that sets Flexform products apart, also highlighted in the hand-braided cord of the backrest.

Thanks to pairings that can be created between the iroko structure, available in a series of elegant finishes, and the woven polypropylene cord, which comes in a vast array of colors, the Crono Outdoor family armchair and dining chair can be crafted in any number of color combinations. The final part of the legs is finished with die-cast metal alloy tips and protective nylon pads.

ARMCHAIR
OTTOMANS
DINING CHAIR
DINING ARMCHAIR
BAR STOOLS

Il connubio tra la rigorosa struttura in metallo ed il lieve quanto robusto intreccio in corda definiscono il carattere delle sedute Ottavia.

Numerosi e raffinati gli abbinamenti che possono essere realizzati tra i colori proposti per la finitura dell'acciaio inox verniciato a polvere epossidica e quelli dell'intreccio in corda, interamente realizzato a mano.

Contraddistinte da proporzioni contenute e da un segno sobrio ed essenziale, la poltrona e la poltroncina Ottavia rappresentano delle sedute versatili e trasversali che si prestano ad arredare con gusto ed eleganza, terrazzi e giardini.

The combination of a sleek metal structure and light yet sturdy woven cord defines the personality of the Ottavia seating elements.

Many elegant pairings can be made between the finish colors on the epoxy powder-coated stainless steel and those of the entirely hand-woven cord. Distinguished by scaled-down proportions and a discreet, minimalist look, the Ottavia armchair and little armchair are versatile seating options that can dress up patios and gardens with elegance and flair.

COFFEE AND SIDE TABLES
CONSOLES

Benché connotati da un disegno minimale, i tavolini Alcamo manifestano un carattere spiccato grazie all'utilizzo di colori vibranti. Il progetto dei tavolini Alcamo è tutto all'insegna della praticità d'uso: sia la struttura a tre gambe che il piano sono in alluminio verniciato a polvere epossidica. Sono pertanto particolarmente leggeri e dunque facili da spostare. I tavolini Alcamo sono previsti in varie misure ed altezze e possono conferire una vivace nota cromatica alle ambientazioni più diverse: dal terrazzo di città, al giardino della casa di campagna così come a bordo piscina.

Although minimalist by design, the Alcamo coffee/side tables possess a bold personality, thanks to their vivid colors. The Alcamo coffee/side tables are focused on functionality – both the three-legged structure and the top are in epoxy powder-coated aluminum. This makes them especially lightweight and easy to move. The Alcamo coffee/side tables come in various sizes and heights and can bring a bright note of color to the most diverse settings – from city balconies to a country home garden or alongside a swimming pool.

DINING TABLES
COFFEE AND SIDE TABLES
CONSOLES

Una famiglia di tavoli dal carattere trasversale, che si declina in una pluralità di finiture, forme e dimensioni, pensata per i contesti più diversi, dalla terrazza in città, al giardino della casa di vacanza. La base del tavolo è l'elemento distintivo del progetto e rivela sinuose gambe sagomate in acciaio inossidabile verniciato a polvere epossidica che sorreggono il piano, proposto nelle varianti con doghe in legno di iroko oppure in una varietà di raffinate pietre per esterni. La famiglia Academy Outdoor comprende anche una serie di tavolini in varie misure che possono essere abbinati a tutte i sistemi di seduta della collezione.

A family of very versatile tables, available in a number of finishes, shapes and sizes, is designed for a broad range of settings, from a city terrace to a home garden or vacation home.

Its base is the table's distinctive design feature and displays sinuous contoured stainless steel legs with epoxy powder-coat finish that support the top, which comes in versions with iroko wood slats or in a variety of types of stone suited to outdoor settings.

The Academy Outdoor family also includes a series of coffee/side tables in various sizes that can be matched with all of the seating systems in the collection.

Desco Outdoor

Antonio Citterio

DINING TABLES
COFFEE AND SIDE TABLES
CONSOLES

L'origine della parola Desco non è riconducibile unicamente alla tavola intesa come oggetto intorno al quale sedersi per mangiare, bensì alla ritualità insita nella cultura tutta italiana dell'accoglienza attraverso il cibo.

Poche cose ci rendono più felici di una tavola imbandita, intenti a condividere un pasto circondati da famiglia e amici.

Il tavolo Desco Outdoor, con le sue forme essenziali, immediatamente riconducibili all'archetipo dell'oggetto tavolo, rievoca valori quali solidità, tradizione, praticità.

Alla base del tavolo realizzata in massello di iroko possono essere associati piani a doghe in legno per un elegante effetto monomaterico o, in alternativa, abbinare piani in pietra scegliendo tra la Beola argentata, il Porfido, la pietra lavica o la pietra del Cardoso.

Un dettaglio che aggiunge valore al prodotto è costituito dalla parte terminale delle gambe del tavolo rifinita da puntali in alluminio e gommini in nylon.

La famiglia di tavoli e tavolini Desco Outdoor è proposta in un'ampia gamma di finiture, forme e dimensioni atte a realizzare aree dining e lounge en plein air nei contesti più diversi.

The origin of the word Desco cannot only be traced back to the table as an object around which one sits while eating, but also to the traditional practice, embedded in Italian culture, of hospitality through food. Few things make us happier than a well-appointed table, intent on sharing a meal surrounded by family and friends. The Desco Outdoor table, with its uncluttered lines, immediately associated with the archetype of the table, calls to mind values like sturdiness, tradition and practicality.

The table base in solid iroko can be paired with a wood-slat top for an elegant all-wood effect or, alternatively, paired with a stone top in the following types:

Beola argentata, porphyry, lava stone, or pietra del Cardoso.

A value-added detail – the ends of the table legs are finished with aluminum tips and protective nylon pads.

The Desco Outdoor family of tables and dining tables is available in a wide range of finishes, shapes and sizes designed to decorate an endless array of open-air dining and lounge areas.

Boma Outdoor

Roberto Lazzeroni

DINING TABLES

Ispirato dal mondo della nautica, il tavolo Boma Outdoor riprende le linee pure e fluide e la meticolosa progettazione dei dettagli costruttivi in legno tipici delle imbarcazioni a vela.

Il piano realizzato in massello di iroko in diverse finiture o in varie tipologie di pietra poggia su una solida struttura a sezione ellittica in iroko, alla quale un tirante in acciaio conferisce maggiore stabilità.

La parte di appoggio a terra delle gambe è rifinita da puntali in lega metallica pressofusa e gommini in nylon.

Drawing inspiration from the world of boating, the Boma Outdoor table echoes the pure, fluid lines and meticulous wood construction details typical of sailboats.

The top, crafted of solid iroko, available in various finishes and various types of stones, rests on a robust elliptical section structure in iroko, with steel tensioning rods that lend greater stability.

The ends of the legs are finished with die-cast metal alloy tips and protective nylon pads.

Sveva Light Outdoor

Carlo Colombo

ARMCHAIRS
OTTOMANS

In ambito outdoor è inusuale vedere questo tipo di sedute: la poltrona girevole Sveva Light Outdoor rivela una notevole presenza scenica per arredare balconi e terrazze in modo originale.

La scocca conformata in poliuretano rigido strutturale laccata lucida in una gamma di colori brillanti accoglie al suo interno soffici cuscini che garantiscono una seduta comoda e rilassata.

La poltrona Sveva Light Outdoor appoggia su una base girevole in alluminio pressofuso verniciata a polvere epossidica nel medesimo colore della scocca e può accompagnarsi all'omonimo pouf.

It is unusual to find this type of seating outdoors the Sveva Light Outdoor swivel armchair brings dramatic personality and a unique touch to furnishing balconies and patios.

The molded shell in rigid structural polyurethane, with glossy lacquer finish in a palette of bright colors, hosts soft cushions that ensure a comfortable relaxing seating experience.

The Sveva Light Outdoor armchair rests on a swivel base in cast aluminum with epoxy powder-coat finish in the same color as the shell and can be paired with its namesake ottoman.
