Our Value Cycle

Haworth globally has again received the Gold medal and even improved its score compared to the last EcoVadis assessment. With this result, Haworth is among the top 3% of companies rated by EcoVadis in the furniture manufacturing industry.

HAWORTH

“ The goal of this Project was to design a very modular office system using a limited number of parts and moulds, and to combine them with furniture to create diferent working configurations and effects.

I was able to meet today’s increasing need for space amd multi-fuctional objects within the office environment.”

Patricia Urquiola, 2013
