ATTITUDE & DECORATION
OUTDOOR SHADE 2022

jardinico[®]

SURROUNDED BY
a touch of
SHADE

Our aim is to create the space you live in outside. We are a Belgian brand that open doors to the perfect exterior by adding unique and exclusive pieces to your garden or terrace. We want to inspire you and take you to the outdoor experience of your dreams. A serene place where you come together and experience blissful moments with your beloved ones. Complement the outdoors flawlessly with quality materials, the best comfort and finest design.

Our strengths lie in the scope and diversity of our collections. By an allround view on your outdoor area, we are able to offer everything from the best umbrella to your dining table, sunloungers and desired accessories. The Attitude collection includes outdoor umbrellas to suit everyone's preferences. A mid or free pole umbrella, wood or aluminum and a range of available colours for your canopy.

AZORE

free pole

Azore makes its first appearance in our collection this year. Tilt the umbrella in height with a self locking tooth belt system at the back of its pole or tilt left and right by means of the lever.

The pedal at the bottom of the pole allows you to rotate the umbrella 360° around its axis. Choose a colour combination to your preference and enjoy sufficient shade on all sunny days, wherever you want on your terrace.

ANTEGO

free pole

Antego offers everything you expect from an outdoor umbrella and does not disappoint. Its operating system allows you to easily move and tilt your umbrella in any desired direction.

This outdoor umbrella is developed to complement any outdoor area and give the protection you need all summer long.

DONUT poufs

ANTEGO ø 350 cm A32 black C208 black with black concrete base

ANTEGO 300 x 200 cm A03 linen C010 latte with linen concrete base

The Antego base is available in granite, sandstone, concrete and marble. It offers an enormous ease of use. Despite its weight of 125 kg - 275.6 lbs, the base can easily be moved on your patio. If desired, you may provide extra support by adding two extra granite tiles of 30 kg - 66 lbs each as shown above.

VOLTE dining

ANTEGO 300 x 300 cm A01 white C001 natural with white marble base

ANTEGO ø 300 cm A01 white C001 natural with silk grey granite base

BAY poufs

Kingston is known for its sturdy design and heavy granite base of 300 kg. A large umbrella with a twelve or sixteen square metre canopy that can perfectly cover your entire lounge set and large terrace. The aluminium powder coated frame comes in three colour finishes and a number of colours for its canopy, depending on your preference.

KINGSTON

free pole

KINGSTON 400 x 400 cm A32 black C208 black with silk grey granite base NATURE dining with TUGU armchairs ARCO lanterns

Kingston is supported by a 300 kg base. The renewed base has rounded corners providing an elegant and tasteful look to the enormous and robust umbrella.

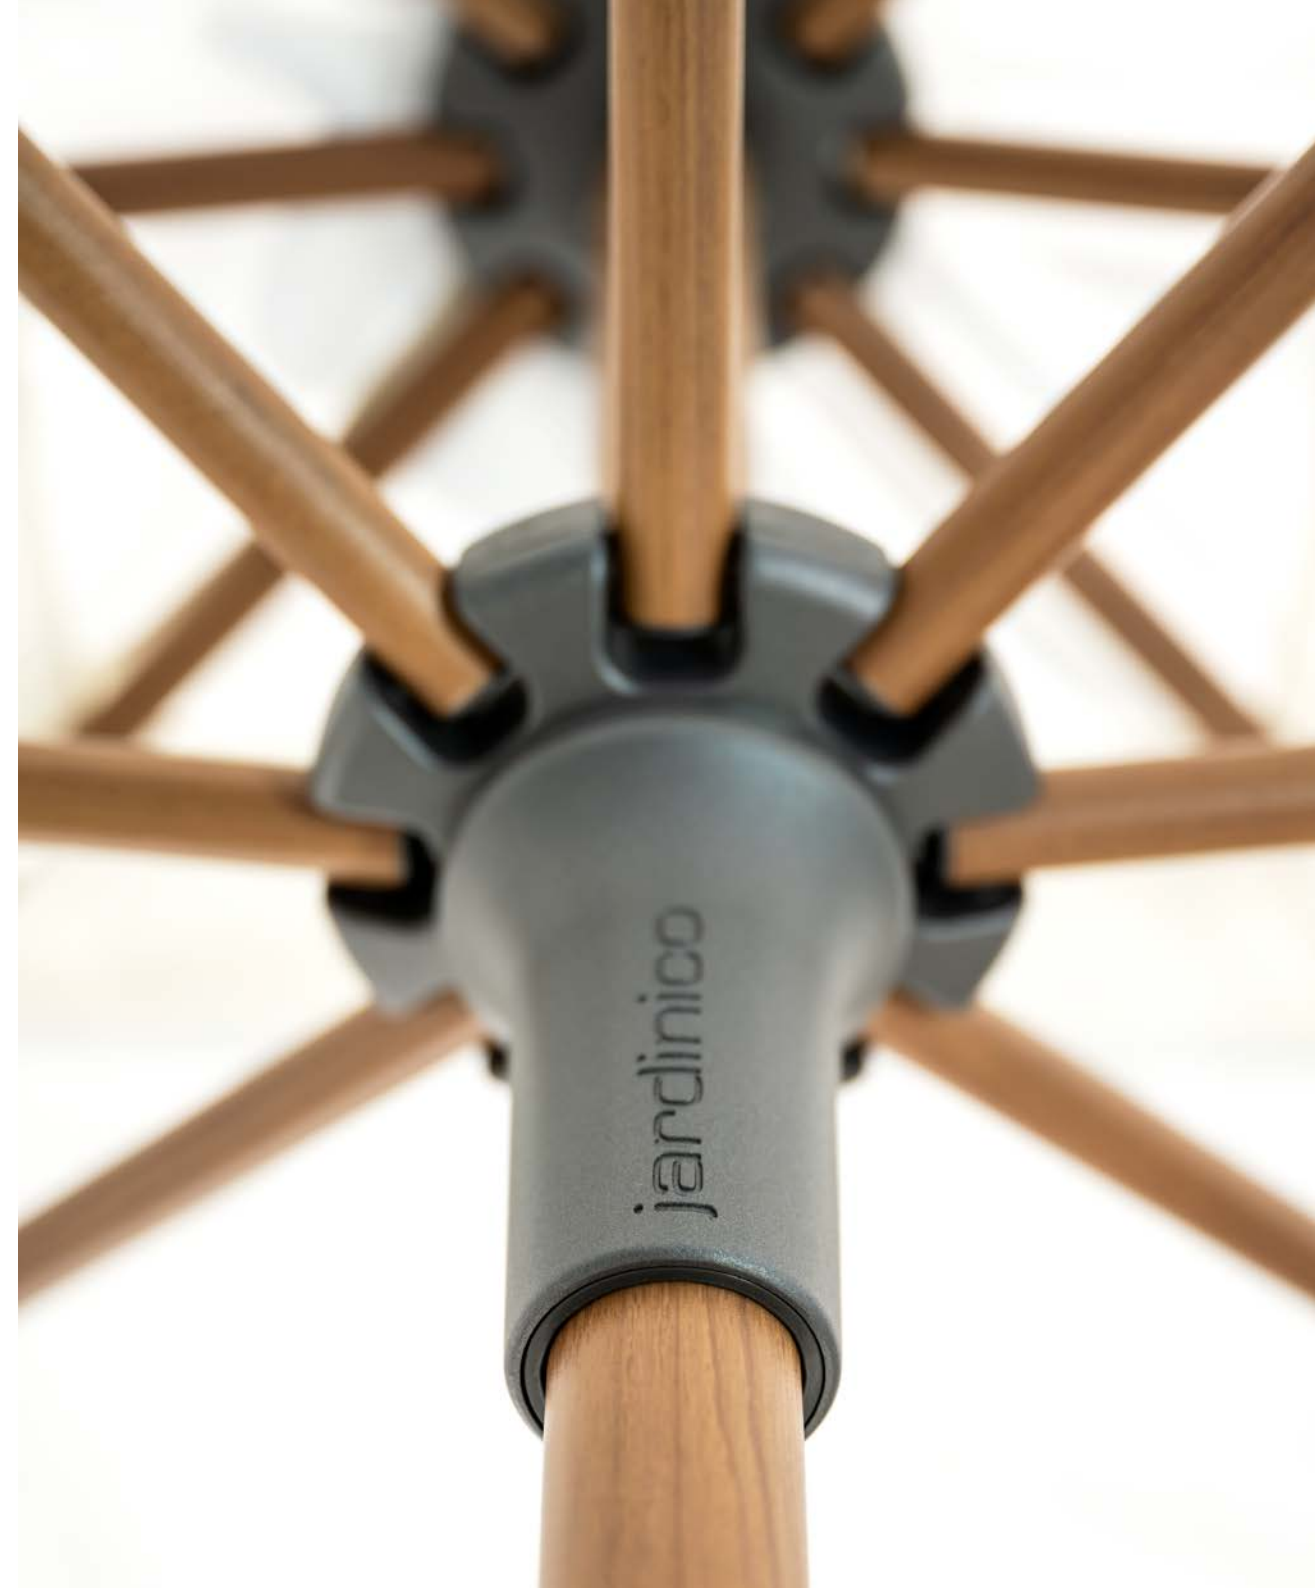

AMALFI

mid pole

This outdoor umbrella is known as Amalfi. The perfect intermediate, scaled to fit both smaller to large scale areas. A design that spreads a luxurious appearance and gives the ultimate feeling of comfort.

A strong umbrella, developed to withstand inclement weather conditions and a perfect fit for any allround use. Choose a colour and finish to your heart's content and enjoy the outdoors.

AMALFI 300 x 300 cm A30 anthracite C106 gris nature

Protection from direct sunlight is increasingly becoming an essential prerequisite for us to enjoy the outdoors, indispensable for our health and well-being. Amalfi shows very slim, elegant lines and fits seamlessly into the design of modern urban landscapes, leisure resorts and private homes.

AMALFI 250 x 250 cm A12 alu teak C001 natural

AMALFI ø 300 cm A30 anthracite C204 night

The parasol owes the sturdiness you need to its full aluminium frame. Our Amalfi design has been thoroughly tested to withstand various weather conditions around the globe.

MALIBU

mid pole

A light and practical umbrella, ideal for every smaller terrace or along the swimming pool. You can determine the shade by tilting the umbrella, depending on the position of the sun.

Malibu is here for everyone as we offer fourteen different colour combinations, next to six available sizes in a round, square and a rectangular shape. The umbrella is adjustable in height and has a powder coated aluminium frame with a water-repellent canopy.

CUBA

mid pole

Cuba is a timeless classic in the Attitude collection. It shows wood craftsmanship with stainless steel, corrosion proof parts.

This umbrella shows its beauty around the globe and is developed to withstand tough, windy conditions in tropical climates.

MOOREA

mid pole

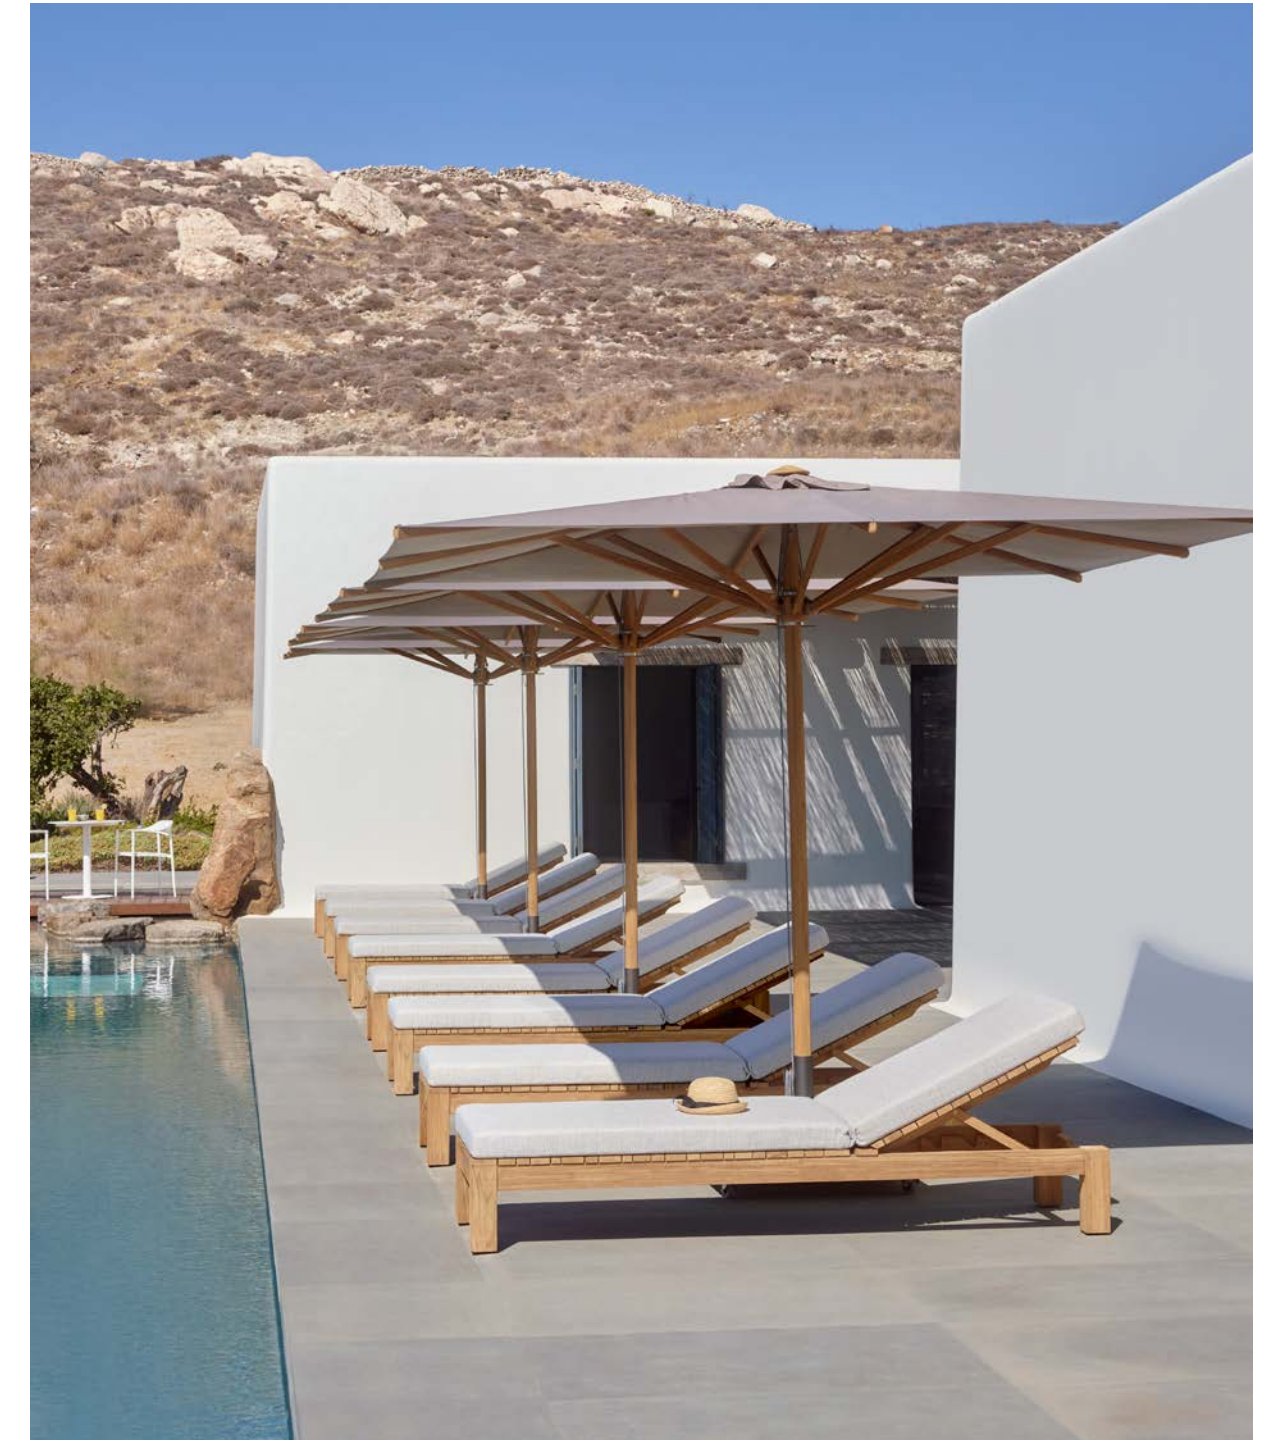

An umbrella that is constructed to perform faultlessly and will grace your garden by its sleek and elegant touch. Moorea is finished by a scratched teak frame for a natural and rough finish, including a cord pulley to smoothly open and close the umbrella.

You are able to enjoy the perfect shade for many years to come because of a high performance and protective canopy. Moorea features a heavy duty frame with a diameter of 55 mm and is available with multiple base options.

FLEXX sunloungers

MOOREA 300 x 300 cm W63 teak scratched C002 white with Elba base heavy

MOOREA 300 x 300 cm W63 teak scratched C301 taupe

TECCA sunloungers

striking ACCESSORIES

No outdoor area is complete without a striking accessory. A soft candle light to set a mood once the sun sets, a heavy duty outdoor rug or some poufs that match your furniture cushions perfectly. Choose any size, material or fabric that suits your style and let our range of decoration items add the finishing touch you envisioned to your garden and terrace.

ArcQ lanterns small, large

The beautiful, handwoven wicker creates a playful pattern between light and shadow. They allow light to filter through and cast a warm, natural glow around them. The module with a solar panel on top ensures that the light switches on when evening falls. ArcQ lanterns undoubtedly bring cosiness outdoors.

SOLORE lighting cube medium, small and large F17 taupe

Material SPECIFICATIONS

Our materials are always selected in function of intensive outdoor use and exposure to the sun. Jardinico only works with the best materials to ensure the best quality, added value and a luxurious appearance in any environment around the globe. Quality, aesthetics and durability are absolute top priorities. The best materials embrace all beautiful designs for you to enjoy the outdoors carefree for many years to come.

MATERIALS

All fabrics for the outdoor umbrella canopies from the Attitude collection are 100% recyclable and high performance fabrics. They are manufactured from solution dyed acrylic or olefin yarns and are ideal for protection from the bright sun rays, wind and rain. The fabrics have been treated with a PU coating, which makes them stain and water repellent.

Performance

The canopies are made of solutions dyed acrylic or olefin. This means the colour of the fabric runs all the way through the yarn. The colour is added to the liquid solution that the yarn is extruded form. Only solution dyed fabrics keep their colour and are resistant to fading under the effect of UV rays when exposed to the sun.

Stain resistant & waterproof

All fabrics have a surface finish that makes the fabric water and stain repellent. A coating on the reverse side makes the fabric waterproof, mildew resistant and keeps its drying time to a minimum. Please consult our product data sheets or website to learn more on how to care and maintain your fabrics.

Fast stock

Canopies available from stock. We offer 'fast stock' to speed up the delivery time of our canopies. We selected a few fabrics of which canopies are held in stock in Belgium and can be delivered quickly. This service is subject to availability of raw materials worldwide. These colours are shown below with the following icon: 

It is always possible to order canopies that differ from the fast stock colours. A delivery time of six to eight weeks should be taken into account. An overview of all available fabrics can be found below.

WOOD

W60 eucalyptus
W63 teak scratched

Aluminium treated with a structured coloured coating.
Epoxy powder coating to increases durability and strength.
It makes the material water repellent, stain and scratch resistant.
Excellent resistance to corrosion under the effect of various weather conditions due to the technique also used in marine applications.
Suitable for outdoor use. Easy to clean and maintain.

Superior quality eucalyptus and scratched teak hardwood, harvested from ecological, tropical plantations.
Great stability under the effect of various weather conditions.
Ages gracefully and turns its colour into a magnificent light silver.
Suitable for outdoor use. Easy to clean and maintain.
Various treatments are applicable, according to your preference.

LUNA LED LIGHT

LUNA LED LIGHT

During summer, we prefer to spend most of our time outdoors. When the sun goes down, it's time to attach our Luna LED light to your parasol. You'll create a warm glow by adding this light to the built-in holder on the frame.
Luna LED light is wireless with 16 LEDs and a BT speaker.
The light has a warm white colour and plays your music continuously for six to ten hours.

- Colour:** grey
Light: warm LED light
Fits on: Azore p. 94
Antego p.96
Kingston p. 98
Amalfi p.100
Malibu p.102

Protection & MAINTENANCE

To enhance the durability and appearance of your outdoor umbrella, we recommend following our care instructions regularly. The umbrella should never be used in strong wind or rainy conditions. An open umbrella should never be left unattended. The umbrella should be protected against blurring or damage by always using its accompanying protection cover. During autumn and winter, we advise to store the umbrella in a dry place when not in use.

PROTECTION

PROTECTION COVER

We suggest to always use the protection cover to protect your outdoor umbrella from poor weather conditions or when not in use during the summer. The protection cover can be placed over the umbrella and its pole. The stain resistant and water repellent cover will extend its life for you to enjoy your umbrella whenever you like.

Ref.	Colour	Swatch	About this fabric
X75	Grey	<div></div>	100% solution dyed polyester with PU coating

MAINTENANCE

FRAME & BASE

Clean the aluminium frame with a damp cloth, mild soap and water.
Do not use any sharp tool to avoid scratches.

CANOPY

Before use, you can apply an invisible film to make the canopy stain and water repellent by using a textile protector. You can maintain and clean them by following a few simple steps:

- Brush off loose dirt before it becomes embedded in the fabric.
- Hose down.
- Spot clean soon after stains occur with water and mild soap or textile cleaner (no detergents). Use a soft bristle brush to clean.
- Allow soap to soak in.
- Rinse thoroughly.
- Always let cushions air dry completely before storing or covering.

Machine wash in cold water. Depending on wash load size, use normal amounts of mild laundry detergent and add 1 cup of bleach. Allow fabric to air dry.
Never subject to excessive heat, steam press or tumble dry as the fabric will shrink.

CORRECTOR PEN 12 ML
