

OZZIO[®] ITALIA

La storia di Ozzio Italia inizia nel 1961 nella culla di molte eccellenze dell'italian design: il distretto della Brianza a nord di Milano. Nel primo laboratorio artigiano della famiglia Pozzoli si coltiva la qualità: con questa filosofia e un forte legame con il proprio territorio, l'azienda cresce fino a diventare oggi un brand internazionale, presente con i suoi prodotti in 5 continenti.

La collezione Ozzio è contraddistinta da una particolare interpretazione della vita contemporanea, frutto di una visione in grado di raccogliere ispirazioni da tutto il mondo e trasformarle in proposte dall'inconfondibile stile italiano.

Ozzio ha posto le basi del proprio sales network internazionale a partire dagli anni 90. Oggi l'azienda è una realtà di riferimento nell'ambito dell'arredamento multifunzione, con una consolidata presenza in Europa, America, Asia e Russia confermata da showroom istituzionali nelle più importanti città del mondo.

The history of Ozzio Italia started in 1961, in the cradle of many Italian design excellences: the Brianza district, located north of Milano. In the first artisan workshop of the Pozzoli Family, quality was the first value: with this philosophy and a strong bond with its homeland, the company grows until becoming, today, an international brand, currently available throughout five continents.

The Ozzio collection is characterised by a particular interpretation of contemporary lifestyle, fruit of a vision that gathers inspiration from the whole world and transforms it in unmistakably Italian design propositions.

Ozzio laid its international sales network bases starting from the 90s. Today, the company is a reference reality in multi-functional furniture field, with a consolidated turnout in Europe, America, Asia and Russia, confirmed by the presence in the best showrooms in the most important cities of the world.

OZZIO[®] ITALIA

HAND CRAFTED

Dare risposte nuove agli stili e alle esigenze dell'abitare significa innanzitutto creare metodi per produrre ciò che prima non esisteva. Significa tradurre l'idea di un movimento in una realtà meccanica semplice e affidabile nel tempo. Significa creare i singoli componenti che rendono possibili le sorprendenti trasformazioni dei tavoli. Significa anche portare nel futuro una conoscenza antica di materiali come il legno e il metallo. Le proposte Ozzio Italia sono così innovative che anche i metodi di produzione sono unici: un know-how esclusivo in cui la tecnologia dialoga con le radici di un laboratorio artigiano. Due aspetti che fanno parte della realtà quotidiana di tutti gli addetti altamente specializzati di Ozzio Italia, che curano con le proprie mani ogni dettaglio della collezione.

Giving new answer to the styles and needs of modern dwelling means, first of all, to create new ways of making what did not exist. It means to translate the idea of a movement in a mechanical reality, simple and reliable over time. It means to create the single components to make the amazing table transformations possible. It also means to bring along to the future an antique knowledge on materials like wood and metal. The Ozzio Italia propositions are so innovative that also the production methods are unique: an exclusive knowhow where technology empathyzes with the roots of an artisan workshop. Two aspects, both part of every highlyskilled workers at Ozzio Italia, handcrafting every detail of the collection.

HAND CRAFTED CUIOIO/LEATHER

Il cuoio è uno dei materiali più antichi e lussuosi utilizzati dall'uomo per la produzione di abbigliamento e accessori, in quanto presenta un'ottima resistenza all'usura e possiede caratteristiche igieniche molto elevate. Data la morbidezza, la forte capacità di isolamento e la facilità della sua lavorazione lo rendono particolarmente adatto per la produzione e il rivestimento di accessori e arredi di uso quotidiano. Il cuoio è particolarmente indicato nel rivestimento di mobili da "contatto" come sedie e poltroncine, poiché risulta calda e protettiva in inverno, fresca e non appiccicosa durante i periodi più caldi.

Questo prezioso materiale è in grado di risaltare sfumature e riflessi, sfuggendo dalla monotonia cromatica dei materiali plastici, acquisendo, con il passare del tempo, sempre più valore, venendo poeticamente plasmato dal trascorrere degli anni.

Il cuoio è un prodotto di derivazione naturale, pertanto porosità, cicatrici, rughe, differenze di tonalità non devono essere considerati difetti, ma parte integrante della storia e della lavorazione che la contraddistingue dalla finta pelle, finto cuoio e da altri prodotti artificiali.

La pelle grezza viene sottoposta alle operazioni di riviera e in seguito alla concia per essere resa durevole, senza alterare la struttura fibrosa originale.

Il cuoio utilizzato per "vestire" i nostri i arredi deriva da un produttore leader del settore, in grado di garantire materiale di alta qualità e cucito ad arte sui nostri modelli da esperti artigiani.

Leather is one of the oldest and most luxurious materials used by man for the production of clothing and accessories, as it has an excellent resistance to wear and it has high hygienic characteristics. Thanks to the softness, the strong insulation capacity and the ease of its processing, it's particularly suitable for the production and coating of accessories and furnishings for a daily use.

Leather is especially suitable for covering "contact" furniture such as chairs and armchairs, as it is warm and protective during winter time, fresh and not sticky during the hottest months. This precious material is able to bring out nuances and reflections, escaping from the chromatic monotony of plastic materials, acquiring, with over time, more and more value, being poetically shaped over the years.

Leather is natural product, therefore porosity, scars, wrinkles, tonality differences must not be considered defects, but an integral part of history and workmanship that distinguishes it from faux leather and other artificial products.

The raw leather is subjected to the first "Riviera processes" and later the tanning operations in order to be made durable, without altering the original fibrous structure.

The leather used to "dress" our furnishings comes from a leading manufacturer in the field, it's able to guarantee high quality material and artfully sewn on our models by skilled craftsmen.

CONTEMPORARY SPACES

La Casa Ozzio Italia... è spazio amico. Uno spazio mobile... viene da pensare guardando i prodotti. Il concept creativo - e la stessa reason why - esprimono prodotti polifunzionali che sanno dare risposte concrete alla cronica mancanza di spazio che caratterizza il vivere contemporaneo. Nei prodotti Ozzio Italia per l'interior design non cambia solo la forma, quindi la percezione del prodotto, ma anche la sua destinazione d'uso. Succede che un tavolo diventa una consolle, una sedia si ripiega e "scompare", un tavolino basso diventa un tavolo di grandi prestazioni, un porta tivù segue il tuo sguardo... benvenuti in una nuova dimensione, dove tutto è possibile.

Ozzio Italia Home is... friendly space. Space is moving... this is what could cross your mind while looking at Ozzio Italia products. The creative concept - and the reason why too - are the expression of multifunctional products that really give concrete answers to the steady lack of space, typical of contemporary living. In Ozzio Italia items for interior design, not only the shape and the product's perception are changing, but their function changes as well.

It happens for example that a table turns into a console, a folding chair simply "disappear" from your sight, a coffee-table turns into a performing versatile table, a TV-rack follows your look... Welcome to a new dimension, where everything is possible.

GRANT

Grant è un tavolo dal design democratico e minimalista, che unisce la funzionalità di un meccanismo rotante al fascino industriale del filo metallico. Il grande piano rotondo, in legno, è un capolavoro di artigianalità italiana.

Design: Studio Ozeta

Grant is a table with a minimal and democratic design, that combines the functionality of revolving mechanism with industrial charme of metallic wire. The big, round top, made of wood, is an Italian craftsmanship masterpiece.

Design: Studio Ozeta

MANGA

Indubbiamente uno dei pezzi più interessanti e rappresentativi della collezione Ozzio Italia. Un perfetto mix di materiali interpretati con ironia in un sapiente gioco di spessori, sostanza e leggerezza formale.

Design: Massimiliano Mornati

Undoubtely this is one of the most interesting and representative pieces in the Ozzio Italia collection. A perfect mix of materials reinterpreted with irony in a wise game of gauges, solidity and formal lightness.

BLITZ e BLITZ PLUS

Lo schienale sinuoso della sedia Blitz segue ergonomicamente la postura del tratto dorso-lombare per un comfort superiore. Disponibile in molteplici colori e materiali che la rivestono interamente. Le gambe posteriori si presentano leggermente inclinate per migliorarne la stabilità.

La sedia Blitz Plus è l'evoluzione estetica della sedia best-seller Blitz. La nuova versione è caratterizzata da un elegante motivo geometrico nella parte posteriore dello schienale che rimanda a spazi infiniti. La cucitura geometrica inoltre riprende la decorazione delle ante della madia Vegas.

Design: Studio Ozeta

The sinuous back of the Blitz chair ergonomically follows the posture of the dorso-lumbar section for superior comfort. Available in multiple colors and materials that completely cover it. The rear legs are slightly inclined to improve stability.

The Blitz Plus chair, is the aesthetic evolution of the best-selling Blitz chair. The new version is characterized by an elegant geometric pattern on the back of the backrest which recalls infinite spaces. The geometric seam also incorporates the decoration of the doors of the Vegas sideboard.

LIRA

Lira è un solido statement di stile, che fa della leggerezza compositiva il proprio punto di forza. Pensata per coabitare lo spazio con i tavoli Fil8 e Grant, dei quali richiama la base in filo metallico, trova naturale collocazione in ambienti ispirati di alto livello. Dotata di cuscino funzionale offre un comfort superiore pur mantenendo una tratto leggero.

Design: Studio Ozeta

Lira is a solid style statement, that bears compositive lightness as strengths. Conceived to share the space with the tables Fil8 and Grant, which metal wire base is a reminder of. It finds its natural placement in inspired high end environments. Equipped with a functional cushion, it offers superior comfort while maintaining a light stroke.

SPACE
_1B

Vivi qualsiasi spazio senza rinunciare al design.
Il tavolino trasformabile Leonardo ti permette, all'occorrenza, di diventare un tavolo da pranzo grazie al sistema di apertura esclusivo che si allarga, indipendentemente, in larghezza ed in lunghezza. I complementi Dna XS ed il mobile Tv Uno completano un ambiente unico e piacevole.

Live any space without sacrificing design.
The Leonardo transformable coffee table allows you, if necessary, to become a dining table thanks to the exclusive opening system that widens, independently, in width and in length. The Dna XS complements and the Tv Uno unit complete a unique and pleasant living.

LEONARDO

La continua ricerca di nuove soluzioni progettuali cercando di interpretare le esigenze abitative del living moderno raggiungono un nuova frontiera con Leonardo, un tavolo geniale! Questo è l'unico tavolino trasformabile al mondo regolabile in: larghezza, lunghezza e altezza. Grazie alle sue funzioni intrinseche può diventare un tavolo da pranzo per 10 persone partendo da un coffee table ad altezza regolabile.

Design: Marco Pozzoli

The continuous search for new design solutions trying to interpret the living needs of modern living reaches a new frontier with Leonardo, a brilliant table! This is the only transformable table in the world adjustable in: width, length and height. Thanks to its intrinsic functions it can become a dining table for 10 people starting from a coffee table with adjustable height.
