

ANTA  
BATTENTE/PANORAMA

## PERRY

HINGED/PANORAMA DOOR

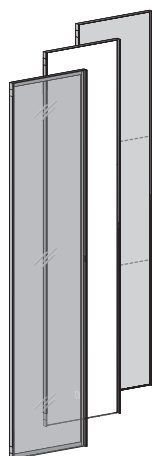

Mostrare o nascondere, contenere o esporre: l'armadio battente Perry si riconosce dall'anta a telaio in vetro temprato o in pannello di vari materiali, compreso il cuoio, anche da combinare fra loro. L'armadio, a incasso o a muro, può essere dotato del sistema di apertura Panorama, che consente di aprire l'anta a 180 gradi anche nel modulo ad angolo, così da rendere ancora più accessibili i vani interni. Come tutti gli armadi con anta battente, può essere progettato con fianco finale in vetro e attrezzato internamente con il divisorio telaio, anche dotato di illuminazione a LED.

*Reveal or conceal, store away or display: the Perry hinged door wardrobe stands out for its distinctive metal frame door inset with toughened glass or panels in various materials, including leather, which can also be mixed and matched. The wardrobe, either recessed or set against a wall, can be fitted with the Panorama opening system, which allows the door to swing 180 degrees, even on corner modules, providing even better access to the wardrobe's contents. Like all the hinged door wardrobes, it can be designed with a glass end side panel and the interior fitted with the metal frame partition, which also has a LED lighting option.*

*On modules with double hinged doors, left-hand door always has dust seal buffer. Doors come ready fitted with soft-close hinges and 3-way adjustable straight hinge mounting plates.*

### Note per la sicurezza / Notes on safety

L'apertura contemporanea di tutte le ante (per armadio battente o pieghevole) ad armadio completamente vuoto può causarne il ribaltamento, quindi va previsto tassativamente il fissaggio a muro.

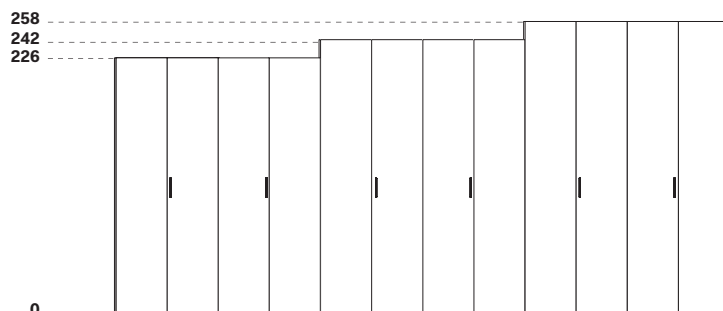

*Opening all doors (on wardrobes with hinged or folding doors) at the same time with the wardrobe completely empty may cause it to tip over, hence it must be fastened to the wall without exception.*
